Send us these basics and we can build your 3D marketplace.

No technical setup needed from your side. Just send clear photos and simple product information.

Print window will open. Choose Save as PDF.

WHAT TO SEND US

Think of this like a school checklist.

📷 Photos from all sides
Front, back, left, right, top, bottom, plus one close photo.

☀ Good lighting
Use daylight or soft white light. Avoid dark shadows.

☰ Clean background
Use a plain background so the product stands out.

📄 Short product description
2 to 4 simple sentences: what it is and who it is for.

⚛ Price and quantity
Unit price, minimum order quantity, and current stock.

⛨ Warranty / guarantee
How long the warranty lasts and what it covers.

✎ Size and weight
Length, width, height, and weight.

◉ Colors and versions
Tell us colors, sizes, and model names.

☎ Contact details
Name, email or phone, and how fast you can reply.

HOW TO SEND IT

1. Make one folder per product.
2. Put all photos in a photos folder.
3. Add one info.txt file with description, price, quantity, and warranty.
4. Zip the folder and upload it in the supplier intake portal.

Upload Package →   ✉ Intake email: suppliers@3dsfera.com

EASY FOLDER EXAMPLE

```
monitor-001/
    photos/
        front.jpg
        back.jpg
        left.jpg
        right.jpg
        top.jpg
        bottom.jpg
        detail.jpg
    info.txt
```

⊘ FINAL QUICK CHECK

I added all side photos.

My photos are bright and clear.

I added description, price, and quantity.

I added warranty details.

I added size and weight.

I added my contact details.

If these are ready, we can build your 3D booth quickly.
